#### Local Men Interested.

Among the local me ninterested in the Burk-Cameron Oil company are: E. H. Pigg, president; C. M. Murray, secretary; Roy Russell, A. Pryor Peck, W. H. Hall, L. A. Foster, C. D. Greene, Martin Cruse and R. A. Bowers of Childress are also stockholders,

The well was drilled by the Western Drilling company, Peck, Hickernell & Schucht. Mr. Keltz, who is field manager for the company, happened to be at the dercick Friday evening and voluntered to take the place of the head driller while the latter was at supper. He noted that after a short time the drill seemed to have "lost bottom" and then he smelled gas fumes. These he attributed at first to a possible leakage of coal off or gasoline on the floor of the mouth of the well he guessed at what he had run into and extinguished the forge fire to prevent a gas explosion. Upon withdrawing the drill it was found to be covered with oil.

The hole was pumped full to hold The B. Churchill Oil company, redown the pressure and drilling suspended until the owners could be notified. The drillers have been voted a

## **NEW HOTEL WAITING** ON SUITABLE SITE

WILL BE PLANNED TO PERMIT CONVERSION INTO APART-MENT HOUSE LATER.

Plans are under way for a new hotel in Vernon of 48 rooms, the actual beginning of the work now being contin-

irable is being considered and it is altogether possible that definite arrangements may be completed late Tuesday for its transfer to the new hotel inter-

Dr. D. Roach and H. A. Glass, both experienced hotel and apartment men, who have operated in other fields, especially Cisco and Breckinridge, are here in behalf of the undertaking, and in addition to procuring a site are also investigating the material and labor situation. They are located at the Bailey hotel at present.

The structure will be of either stucco or brick and be so constructed that the suits of three rooms each. They say that their experience has been that once the excitement of speculation has disappeared and permanent organizations located, many of the "first in the field" seek other opportunities and the apartment building becomes more de-

Mr. Glass is a former resident of Vernon but has been away now for

The property being considered as the location for the new hotel is owned by a. Vernon man who is expected to return here late today, at which time preliminary arrangements held by telegraph until now will be definitely dis-

#### Doans Community.

Doans, April 5 .- (By Special Corespondence.) -Mr. and Mrs. Harrold Briscoe returned Wednesday from a visit with relatives in Wheeler county. On their return trip between Hollis and Gould, Okla., on passing over a defective culvert, the radius rod of the car was broken and the car was ditched.

Mrs. Briscoe and one child were thrown clear of the wreck, while an mother were pinned under the car. Mrs. Briscoe managed to get the car off the imprisoned people and, for tunately, none of them was badly hurt suffering only minor bruises.

Mr. and Mrs. J. M. Stroud gave the young people and older ones a singing young people and older ones a singing Sunday night. Mr. and Mrs. C. E. Spears and Mrs. T. A. Hamilton of the

## Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood

. . I looked with dread from one month to the next: I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

"I took four bottles,"
Mrs. Jones goes on to
say, "and was not only
greatly relieved, but can
truthfully say that I have

The Woman's Tonic

"It has now been two years since I took Cardui, and I am still in good health. . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up yourrun-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

## **WILBARGER MAY BE** JUDICIAL DISTRICT

STATE LEGISLATURE WILL PROB-ABLY CONSTITUTE THIS ONE JURISDICTION.

Judge J. A. Nabers has called a special session of the 46th district court for Friday of this week to hear testimony pertaining to several small leftovers from the last session of the court.

In discussing the situation regarding the 46th district, Judge Nabers expressed an opinion that it would be a good move to have Wilbarger constituted one judicial district as there was too much work accumulating in the six counties that now comprise the district. Judge Nabers said that there was suf-

likely this can not be done until the regular session to be held next winter.

Mr. and Mrs. E. M. Probasco of Da- ene Lewellen. day with Mr. and Mrs. W. B. Gilbert.

## VERNON BASEBALL TEAM SPLITS EVEN

HIGH SCHOOL BOYS TAKE GAME FROM ALTUS BUT LOSE TO FREDERICK.

A high wind and sand storm, coupled with general hard luck caused Vernon estate man of Wichita Falls is in the high school ball players to drop a game city today, arranging his affairs so as to Frederick in a closely contested to associate himself with the Davis & game Saturday. This game was of interest to the local high schoolG folks a sthey won over the Frederick boys in the last game by a score of 13 to 1. The visitors reversed the order of things in the game played here by takin gthe game 4 to 3.

> The contest was a spirited one in ing scored by the visitors in the tenth. Vernon high school won a good game from the Altus boys on Friday before a good crowd of spectators who were in attendance at the interscholastic meetings being held in the city.

To have an interest in a well two miles northwest of the famous Sigler well; a well already contracted for and being rigged up; a well situated right on the structure; a well which we intend to make the first new well to be drilled in the Sigler Field, the field in which experienced operators see the promise of a second Burkburnett field; and a well which there is every reason to believe will at least equal the big Sigler gusher.

To be given a "SQUARE DEAL." To see quick and immediate action.

# Wilbarger Southern Oil Co.

Capitalization \$110,000

Par Value \$1 per Share

We do not guarantee any 1000 per cent per month dividends. We do not guarantee any 5,000-barrel gushers. But we do guarantee immediate action. We do guarantee to push our drilling program to the utmost extent; and we do guarantee the honesty and integrity of the officers of the Wilbarger Southern Oil Company.

In addition to the 20 acres to be drilled which are due northwest of the famous Sigler gusher, the Company owns 200 acres checkerboarded near drilling wells in Wilbarger County. No one can estimate what the acreage alone will be worth within the next few months with so many Wilbarger wells on the sand.

The Company has contracted with the B. Churchill Armstrong Drilling Company to start drilling a well immediately, and/to rush the drilling until the well hits the Prescott-Peoria sand or hits oil or gas in paying quantities at a lesser depth.

Only a limited quantity of the stock is available. Blocks of this stock are being floated in the East, and ho a short time the entire stock issue will be withdrawn from the market, preparatory to being listed on the stock exchanges in Vernon and Wichita Falls.

We remind you that it is the speculative element in oil that yields such immense dividends.

Now is the Time to Act, Before it is too Late PHONE, WRITE, OR WIRE YOUR ORDER IMMEDIATELY.

## **VERNON BOYS WIN** AND WILL DEBATE

Track Event Called Off on Account of Heavy Sandstorm-Spelling and Declamation Contests Attract Attention of Many-Wilbarger to Be Well

Wilbarger county will be represented Vernon high school, in the district de- according to Mr. Tisdal.

This honor goes to Vernon as the resuit of the debate at Vernon high school MURRAY AND INGLERIGHT TO Friday afternoon on the question of the government ownership of railroads, the local team holding the negative

Tolbert high school debaters the affirmative contenders.

Arguments on the subject lasted for acres. East Vernon school.

Due to the number of people engaged in oil transactions it was impossible at the last moment to obtain the services county school system

#### Declamation Contest Interesting.

The entire county participated in the ] declamation contest, with many interesting developments. This contest was held in the Baptist church Friday afternoon and drew a good sized audience, as many of the friends and parents of the students were on hand to witness the offerings of the various

Idelle Davis, representing the Farmers Valley school, was awarded first honors in the rural school division. Farrie Vanpelt of Midway school captured second place, while Lila Love of Maple Hill was given third place. The other contestants were Fannie Gauntt of Crescent Grove and Blyn Nunn of

There were but three entries in the boys' division, Jesse Rushing of Farmers Valley winning first place with a perfect score. All three judges gave him place one, thus awarding him the highest mark.

Thomas King of Oklaunion won first place in the junior boys' division over Charles Lewis of Tolbert, the only oth-

In the junior girls' division Bonnie Kressenberg, representing the central ward of Vernon, won first place over Odell Simmonds, Tolbert, and Mildred Neal, Oklaunion, respectively.

In the senior girls' division there were but two entries, Ramal Butler of Oklaunion winning first place over Mary Dockery, Tolbert.

Tim Coburn of Tolbert was awarded first place in the senior boys' division as there were no other contestants.

Spelling Contest Wages Warm. In a warmly contested spelling contest at the Vernon high school Evelyn Ashley of Oklaunion won the senior girls' first award, out-spelling William Robinson of Odell after a long, gruelling test. This was one of the most interesting features of the Friday schedule and brought many expressions of gratification from the audience. Prof. J. H. Fulcher was called upon to announce the awards and gave an unbiased judgment in this capacity. The other contestants in their order of standing were Jewel Love, East Ver-

## JUDGE R. W. HALL DISCUSSES FACTS OF RESURRECTION

Lord - Follows Method of Heaven." Lawyers in Presenting Case to Jury-Declares There Is No Room for Doubt on Matter.

Judge R. W. Hall of the Amarillo court of civil appeals bench occupied the pulpit of the First Methodist church last night with the subject "The Resurrection From the Standpoint of the Lawyer." He reviewed the evidence supporting the actuality of of the Christian faith, and declard that there was no room for doubt on interceding for a lost world.

"This evidence," said Judge Hall in nature of depositions taken down from the mouths of eyewitnesses, and put transcript sent up to the higher court. and 25th to 27th verses:

"When I joined the church I read all the books I could find on the evidences mind of the young lawyer I tried to pick a flaw here and a flaw there. I took up this old book and read it through, soon after I joined the go on: church. There isn't a syllable in it but what is inspired.

"As I began to weigh it I said to my- God." self, Either this old book is true or it is false; either it was written by good men or it was written by bad men- see God in the flesh? the very worst of men. Now if it was written by bad men, they have laid |down for the world the most wonderdown. Therefore,' I said, 'bad men did not write it. Bad men couldn't have written like Peter and James and Paul wrote. That settles it.' And

"Gentlemen of the jury, my evidence is produced by good men-men who did not lie. This book is inspired. It is God's dictation. I believe it. I believe it from Genesis to Revelation. There is a lot in it that I do not understand. In my old Bible I have jotted down many things that some day up yonder I mean to ask old Peter and Paul about.

"But there is enough there to save my soul and lift me out of the sin and iniquity in which I spent the first 21 or 22 years of my life. That is all I care to understand. When I need to know more God will reveal it to me. God knows that I am a babe and He is now have got up to porridge or breakfast food. But for all that I'm willing to live on it. I'm satisfied.

"I am satisfied also with the proposition which I am going to submit to you .- I would be satisfied to submit it to any far-minded man or woman."

Christians Worship Living Leader. The speaker tend of a tramp that stopped before a window to watch, in company with others, a picture displayed within of the Crucifixion. The tramp asked a boy at his side to explain the picture to him. The little boy told him the story of Christ's coming, of his ministry, of his death and burial. Then the boy paused for a moment in thought. When he looked up again the tramp was off on his way down the

IN AMERICA THE MOST BEAUTIFUL CAR

## The Ideal Five-Passenger Car

Whether the Paige Glenbrook is chosen solely because of its beauty or rather because of its mechanical excellence, a full measure of satisfaction is assured to its owner in either case.

For it is well known that, in Paige cars, beauty and efficiency go hand

The same skill in car building which is responsible for making the Glenbrook a vehicle of exceptional grace is likewise responsible for making it an exceptional car from the mechanical standpoint.

In body, power plant and chassis, it is distinctly a Paige product setting standards of comfort, economy and dependability such as have never before been present in a cap of moderate price.

Although it has been before the public no more than four months, it is destined, we believe, to revolutionize the Light Six field.

Its new six-cylinder motor-designed and built in our own shops-is a feature which, in itself, entitles the new Paige Glenbrook to a place at the head of America's finest five passenger motor cars.

When you see this latest Paige model and ride in it, you will agree with us, we believe that, from a mechanical as well as an artistic point of view, there is no finer five-passenger car on the market today.

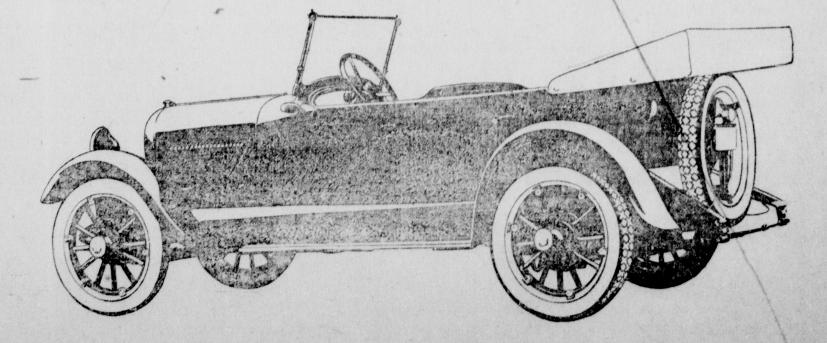

That this is now quite the general opinion among motorists is indicated by the number who have already made arrangements for Spring deliveries.

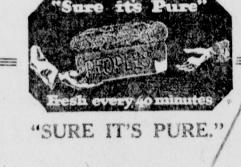

Let us suggest that you give early consideration to the question of placing your order with our dealer while it is still possible for him to take care of your requirements.

Geologist Given Credit for Re- tary to C. T. Herring. markably Correct Forecast of Developments in Sigler Pool Great Value.

To Dr. H. J. Von Hagen, prominent geologist of Wichita Falls, is given considerable credit for locating the well of the Sigler Oil company, Although there are other geologists who have passed on this field, Dr. Von Hag-Brown is an attorney. en has strongly recommended drilling there for considerable time. The following is the copy of a letter written

"Wichita Falls, JJan. 2, 1920. "Prescott-Peoria Oil Co., "Wichita Falls, Texas.

south of Vernon in Wilbarger county, McGhee, Attorney-at-law. Texas, and found that you have practically positive proof that oil exists on the same. You know none of the North Texas oil fields have crossed the river so far, but the best producing wells run chain-like west and southwest of the Burkburnett field. There are a number of sands, both shallow and deep, some of which are producing as much as five hundred barrels of what is now "settled" production.

"The Magnolia Oil company and the Texas Oil company have quite a few wells that will produce over one thou sand barrels daily and have done so steadily for some months.

"Your three thousand acres are lo cated "right." A detailed geological report will bring this out and show that you have a splendid structure on your property on which oil in welfpaying commercial quantities will be found. Your property is on a 'structural high,' and the oil for miles in the vicinity would be forced up into this 'structural high' by the force of natural gravity.

"I predict that you will strike a good paying well on your present location and that a little east of this well, higher on the structure, you should get not less than one thousand barrels of high gravity oil per day. You have an exceptionally good drilling equipment on your property, far better than usually seen and it should not take very long to complete the present well.

"In my opinion you have in your large tract of three thousand acres the cream of that geological oil bearing structure and I consider your acreage worth now not less than two hundred and fifty dollars (\$250.00) to five hundred dollars (\$500) an acre and with your first well in you will receive many offers of two to five thousand per acre. Respectfully yours,

"H. J. VON HAGEN, Ph. D."

## JUDGE R. W. HALL DISCUSSES FACTS OF RESURRECTION

(Continued from page 9.) mine eyes shall behold and not an-

David as a Reporter.

"Job, you can stand aside. The next singer of Israel. Take the 16th Psalm The 16th Psalm is an account of the day must be willing to suffer." resurrection of the Lord Jesus Christ. take the 22nd Psalm. In the first 21 verses he describes the crucifixion of that her father might cast a perfect the Savior. It he had been on the bell of gold and iron and brass, after ground, fi he had been at the foot of the his failure twice to secure an alloy cross as a reporter for a daily news- had caused the emperor to threaten paper, he couldn't have given a more accurate account of what took place. time. Then he comes down to the 22nd verse where foretells the resurrection. I am not going to take the time to read it. You have read it. You can read for yourselves. David, you can stand aside.

'Next we will call Isaiah, the oracle of the Hebrew nation. Read in the 2t6h chapter and 19th verse. Isaiah says the dead shall live. 'Thy dead men shall live; together with my dead body shall they arise.' It's true he tells it with poetic license, but the plain interpretation of it is that the dead in Christ shall rise; why not Christ him-

is an eyeball witness to the resurrec tion. He didn't have to rely on proph-

#### The Testimony of Paul.

'For I delivered unto you first of that Christ died for our sins according to the scriptures; and that he was seen that, he was seen of above five hundred brethren at once; of whom the but some are fallen asleep. After that he was seen of James, then of all the apostles. And last of all he was seen

not raised, your faith is vain.' Yes, if Christ be not raised from the dead, the multi-millions of dollars that have been put into the church are but a miserable waste of money. The millions of our own great Centenary drive is a foolish waste of money if Christ be not risen. Let us recall it and invest it is oil wells or some other speculation if your preacher should be sent to the penitentiary for perjury.

Judge Hall then quoted passages from Paul to show his belief not only but of the dead in Christ and of the transformation of those on earth at the second coming of the Master.

Matthew was next made a witness verse of chapter 28 was read, referring to Mary Magdalene's trip to the empty tomb on the morning after the Jewish Sabbath.

## The Stone as Practical Evidence.

'We lawyers," declared the speaker "are always glad to get what we call practical evidence. This stone's being rolled away from the mouth of the tomb is proof of the fact that no human hand rolled it away. For the Pharisees went to Pilot and demanded that the seal of the Roman empire be placed on the mouth of that tomb.

"Do you know what the seal of the Roman empire upon a door meant? It meant that the man who broke that seal without authority died, and died without trial. But these old Pharisees were not satisfied with that. They not enough to put down this craze that is upsetting the world.' Those Phari-

post, when he failed to guard his prisfell from his shoulders at the edge of the headsman's axe. But when they found the tomb empty the Pharisees told the soldiers to say that 'his disciples came and took him while we slept.' 'We'll see that you boys don't suffer,' they told the soldiers, 'you stay with us and we'll stay with you."

Appeared to a Host of Witnesses.

Judge Hall then enumerated the appearances of Christ on earth after His death and burial. He first appeared to Mary Magdalene, then to Peter, to Luke and another, to the apostles except Thomas, to the apostles including Thomas, to fishermen on Lake Tiberias, on the mountain to the apostles and five hundred witnesses, to James, to the eleven, to Paul, to Stephen as he was being stoned to death, and last of all, to John, an exile on the Isle of

The speaker pictured John as a prisoner toiling in the rock quarries of Patmos, an old and broke man. He described him as he stood at the end of a day's long and gruelling toil looking out toward the seven churches nearest to his heart and separate

declared that the mystical writers of the Bible used the sea both in its ordinary sense and as a figure for unorganized, leaderless humanity. He referred to the pathos of John's saying that 'there shall be no more sea, as the cry of an old pastor separated by water from his flock and as the prophecy of the day when Christ's

reign on the earth should be universal. "John suffered," said the speaker. "They all suffered. And the man towitness is David-David, the sweet day who would follow Jesus Christ, the man who would track the Master to-

A Joint Stock Association

Capitalization \$125,000 Par Value \$10 Home Office Vernon, Texas

500 acres North Vernon Field, Johnson Hensley Survey, Wilbarger County, vicinity of the Neal Hamilton, Robinson & Harrington wells now drilling

Our drilling operations to start as soon as survey is completed. Well to be drilled to a depth of 2250 feet unless oil or gas is found in paying quantity at lesser depth. Rotary equipment to be used. Operations to be under the personal direction of Mr. Armstrong. Fast action assured.

Wm. Kennedy, Geologist of Fort Worth, states that this acreage is favorably located on the northern flank and near the northwestern end of the long anticlinal fold that extended from Petrolia through the Burkburnett region, a little north of Electra and thence in a general trend northward toward Vernon and from that point turned more towards the North crossing the river a few miles west of Doans.

We believe that we will get a well that will make the stock worth real money to investors. \$100 invested will be worth several thousand dollars when we bring in a big producer. Join us while you have the chance. As soon as drilling starts our acreage should be worth the low capitalization of the company. A square deal guaranteed.

best qualities in both manufacturing guarantee his continuance to draw his and prosperity. Your friend wages at the expense of his employer.

"I believe that labor has a perfect right to organize, and I do not see any thing wrong in collective bargaining. but no man has a right to tell another to or tell you that you shall not employ any man if you want to.

Walking Delegate Is Blamed.

a square deal. The trouble with the whole labor problem is the radical. If the matters were left to employer and employe who know each other they could be satisfactorily adjusted, as their interests are mutual and each depends upon the other.

"It has been my experience that all labors troubles have been caused by the walking delegate or agitator whose jeb depends upon his making trouble. He is most usually from some other Phone 622. city or state and has nothing in common with local conditions and really cares little whether the wives and children of his members suffer or not, as long as he draws down his \$15.00

"You no doubt know that Los Angeles has always been an open shop town. San Francisco has been just the reverse, and you see the evil effects of union labor in its most violent form. Ten years ago factories in San Fran cisco were operated at a profit and nov they are either losing money or have failed or moved to other more favor able cities. These same lines are be ing operated in Los Angeles at a fair profit and several have moved from San Francisco to Los Angeles on ac-

count of labor conditions. Wages Not Lowered by Open Shon.

"The scale of wages is just as high here as in San Francisco, and the reason that factories do better is because they have a constant run and not closed up half of the time by strikes like they are in San Francisco. This condition is also better for the laborer, for he gets regular work and regular wages and does not have to eat up his surplus or go into debt while he is on strike. The best proof of this is that in San Francisco only 6 per cent of the laborers own their own omes, while in are as well appointed as those in high-Los Angeles 47 per cent do.

The part that fine steets play

There is a definite reason for the brilliant performance of a Maxwell car.

Lift the bonnet and our a the simplest of engines. Examine clutch and gears, and you see supreme simplicity.

The definite reason for Maxwell performance and endurance is the fine steels, there steels built to Maxwell's own formulas, that combine quality and dere strongth that defy time and the repairman.

This is the story of the Maxwell, the real cause for brilliant performance and long enflurance. These steels do not burden the engine. They make fits tasks easier. They flatten out a hill for the engine.

The combination of light weight and great strength—the ideal of Marwell construction - is thus achieved.

And to obtain that rare combination of strength with quality means costly steels. So you will find that, pound for pound, the steels in a Morwell equal those in any dar built.

That is why the rise of Maxwell has been so marked; why nearly 400,000 have been built; why 100,000 are being constructed this year; why these will fill but 60% of the demand.
